## PROFILE

As a UI/UX Designer with 1.8 years of experience in Figma, HTML, CSS, and JavaScript, I am transitioning to backend Java development. I am enhancing my skills in Java, Hibernate, Servlets, JDBC, SQL, MySQL, DSA, Git, and Bootstrap. My goal is to combine design insights with backend technologies to develop efficient, scalable applications. I am eager to bring my unique perspective and new backend skills to a dynamic team.

## PROFESSIONAL EXPERIENCE

**UI/UX designer, Rala Infotech India Pvt Ltd**  **2022** | Ranebennur, India

### **Rala Interview Portal**

- Developed and documented website style guidelines.
- Collaborated with teams to prioritize needs, resolve conflicts, and develop solutions, reducing development time by 30%.
- Redesigned and implemented web applications to meet industry standards.
- Created and managed React components and states.
- Created wireframes, prototypes, and user flows to communicate design ideas.
- Designed interfaces with a focus on brand consistency and responsive design, improving user experience by 50%.
- Used Figma to design custom web application interfaces and create mockups.

### **School Admission Management App,**

*Personal Java Project* 

- Developed a comprehensive system to manage student admissions, allowing for viewing, editing, and deleting student details.
- Utilized **Java** for the core application logic.
- Implemented data persistence using **Hibernate** and **SQL**.
- Created dynamic web pages using **JSP** and **JSTL** for seamless user interaction.
- Ensured efficient data handling and user-friendly interfaces using **Bootstrap**.

## SKILLS

**Backend Technologies** — *Java* | Junit | *SQL* | *Firebase* | *Data Structure and Algorithm* | *Hibernate* | JSP | JSTL | REST APIs | Postman

**UI/UX Design** — *Figma* | *Adobe XD* | User Research | Wireframing | Prototyping | Mockups | Usability Testing | Material UI | Responsive design

**Frontend Technologies** — *HTML5* | *CSS3* | *JavaScript* | *Vanilla JS* | *Bootstrap* | *React JS* (*basic*) | *GSAP* | *MongoDB* | Git / GitHub | JQuery | SCSS/SASS

**Additional Skills** — *Digital Marketing* | *SEO*.

## EDUCATION

**B.E. (Mechanical Engineering),**  
*Jawaharlal Nehru National College of Engineering*

**2020** | Shivamogga, India
